M&M Cartage

Family-owned since 1972

VOL. 547
November 13, 2026

WE ARE HIRING!

M&M Cartage is hiring drivers, and we could use your help spreading the word!

We would appreciate it if you could take a moment to share our hiring opportunities on your personal social media pages. To make it easy, we've included a sample post below that you can copy, paste, or personalize however you'd like.

Don't forget! If someone you refer is hired, you could be eligible to receive up to $2,000 in referral bonuses for each referral! Be sure to have your referral mention your name when applying so you can receive credit for the referral.

Sample Social Media Post (copy and paste the below into your social media feed):

Clean Inspections!

Pete Artcliff - Level III - $25

ATTENTION ALL CDL HOLDERS

If you have a DOT physical or a CDL coming due, **you must renew 30 days or more in advance and ensure that we have received a copy**. Louisville based drivers, you may renew your physical at Baptistworx with the authorization slip found on the Safety bulletin board in Dispatch or given to you by your supervisor. Local drivers also have the option to make an appointment with our onsite nurse practitioner for their DOT physical needs. She can also provide pre-physical evaluations for drivers who want to make sure they are in compliance before their actual DOT physical.

A pre-physical can help identify and address potential concerns, such as A1C levels, blood pressure, and other health-related requirements, giving drivers an opportunity to address any issues before their official physical. Appointments can be made by visiting https://archerhealth.com/welcome/m-m-cartage/ and creating an account. If you are unable to get to Nurse Deanna or Baptistworx during their normal business hours you may renew at Concentra on Fern Valley Road which is open 24 hours, but you will need to contact Paula at ext. 2760 to get an online authorization entered before you go. Sharonville, OH and Newport, MI drivers you need to renew at Concentra in your area. Please reach out to Paula at ext. 2760 to get an online authorization entered. TN drivers you can renew your physical at Health Star (by appointment only) or Fast Pace Health (online authorization only). Contact Paula at ext. 2760 or Kevin at ext. 2460 for more information.

UNIFORM PROGRAM

All uniforms are custom ordered for M&M by our uniform provider. Please carefully look at size charts and double check your order before submitting. **There are NO RETURNS**. If you have questions after your order is placed, please contact Metro Promotional Servies at 502-368-9391. If you have any questions prior to ordering or questions about the uniform program, please contact Joey at joey.hettel@mmcartage.com.

WINTER IS COMING

With cold weather on the horizon, paying attention to details during your pre-trip inspection is extremely important. Please give extra attention to fluid levels and tire pressure. For drivers of natural gas trucks, please install your winter front if it is 32 degrees or less. Watch out for coolant leaks that may be “cold water leaks”. This could be the result of something as simple as a clamp needing to be tightened. If you see any puddles under the truck, please come back to the shop immediately. If you have any questions about cold weather procedures or need assistance, please visit or call the shop. Thanks, and drive safe.

TRUCK CLEANLINESS

Please make sure all trucks are clean and ready to be used at all times. All trash and personal items need to be removed from the truck at the end of your shift. Thank you for your attention to this matter.
