MyDrugBenefit is a responsive tool and can be used on computers, tablets, and mobile devices. You can access MyDrugBenefit through your company's secure portal or through the login page pictured below. If entering from your company's site, there will be a link for RxEOB, or a pharmacy tool as branded by your company.

View your pharmacy claims history

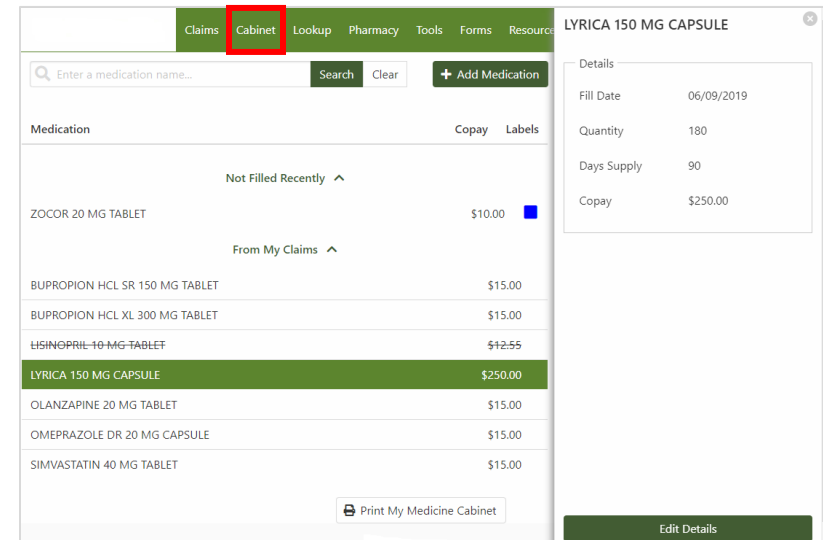

The Claims History page displays a list of your recent claims. The length of your claims history available depends on your company's configuration choice and available data. You can also search for a specific medication using the search bar at the top of the page. For additional information on a specific claim, click on the claim row in the table to open the Claim History detail card.

Add medications to your cabinet

The Cabinet shows a list of active medications manually added by you and added from your claims.

Medications in the Medicine Cabinet are divided into three sections: From My Claims, Added By Me, and Not Filled Recently. The Not Filled Recently section shows medications that have likely been used up within the last 10 days according to the recorded days supply and prescription fill date. If you are taking medications that you do not have claims for, you can add those medications to the Added By Me section. New medications that you receive claims for are automatically added to your cabinet and existing cabinet entries are updated based on refilled claims. You can also apply labels to cabinet entries when editing the record details.

Research drug costs based on your benefit

Enter the first few letters of a medication name in the search bar and select a label name from the autocomplete options to search. Medications results are divided into the following sections: Preferred Alternatives, Brand and Generic Equivalents, Alternative Strengths, and Therapeutic Alternatives.

Click on the medication row in the results table to open the Drug Lookup detail card. The Drug Lookup detail card shows supplementary information about a medication's estimated cost, formulary placement, and indicators.

Find nearby pharmacies

The Use Current Location toggle will search for pharmacies in your immediate area. To filter search results to pharmacies in your network, switch the In-Network Only toggle.

Click the red location pin on the map to highlight a pharmacy in the results table. Click on a record in the results table to highlight the pharmacy on the map.

Medication	Copay	Tier	Indicators
Brand and Generic Equivalents ^			
ADVAIR 250-50 DISKUS	\$138.35	3 / Non-Preferred Brand	QL, PA

View your benefit and accumulator information

To access the Benefit overview, click My Benefit under Tools in the Navigation Bar. Use the zone dropdown menu to see different sections of your benefit (if applicable). Benefit Accumulators show progress made toward meeting deductible and maximum out of pocket requirements. Click on the calculator icon next to the accumulator you wish to view to open the accumulator detail card. To switch between accumulators, use the dropdown menu at the top of the detail card.

The screenshot shows the 'My Benefit' page with a navigation bar containing 'Claims', 'Cabinet', 'Lookup', 'Pharmacy', 'Tools', 'Forms', and 'Resources'. The 'Tools' menu is highlighted. The main content area is divided into two sections: 'My Benefit' and 'Deductible'. The 'My Benefit' section includes a table for 'Retail' and 'Mail' categories, showing 'Member Responsibility' and 'Days Supply'. The 'Deductible' section features two pie charts: 'Individual Deductible' and 'Family Deductible', both showing 'Paid' and 'Remaining' amounts. The individual deductible shows \$83.37 paid of a \$250.00 total, and the family deductible shows \$83.37 paid of a \$1,000.00 total.

Category	Member Responsibility	Days Supply
Retail		
Generic	\$20.00	30
Preferred Brand	\$40.00	30
Non Preferred Brand	50% (Min \$100.00, Max \$200.00)	30
Specialty Medications	20% (Min \$250.00, Max \$500.00)	30

Category	Member Responsibility	Days Supply
Generic	\$40.00	90
Preferred Brand	\$80.00	90
Non Preferred Brand	50% (Min \$200.00, Max \$400.00)	90
Specialty Medications	20% (Min \$500.00, Max \$1,000.00)	90

View your alternate accounts

You can view your inactive accounts and dependent accounts (if applicable) through emulation. To view another account, click My Accounts under the User button in the Navigation Bar. Select the row of the account you wish to view and confirm your choice to emulate that account. The name in the Navigation Bar will update to reflect the emulated account. To return to your active account when viewing another account, click Return to my Active Account under the User button in the Navigation Bar.

The screenshot shows the 'My Accounts' page with a navigation bar containing 'Claims', 'Cabinet', 'Lookup', 'Pharmacy', 'Tools', 'Forms', 'Resources', and a user profile icon for 'Milo'. The 'Tools' menu is highlighted. The main content area is divided into 'Personal Accounts' and 'Dependent Accounts' sections, each with a table of account details. The 'Personal Accounts' table lists 'Milo Member' accounts with Subscriber ID, Alternate Member ID, and Status. The 'Dependent Accounts' table lists 'Wyatt Member' accounts with Subscriber ID, Alternate Member ID, Date of Birth, and Status.

Name	Subscriber ID	Alternate Member ID	Status
Milo Member	CSB2903414	0123456789	Active
Milo Member	RPM2755208	0123456789	Active

Name	Subscriber ID	Alternate Member ID	Date of Birth	Status
Wyatt Member	CSB2903414		01/18/2010	Active

View messages from your health plan in your Inbox

To access your Inbox, click Inbox under Tools in the Navigation Bar. Unread secure messages are bolded in the Inbox table. Click a message in the table to open the message detail card.

To delete a message from your inbox, click Delete at the bottom of the message detail card. To restore a deleted message, open the Deleted Folder. Next, open the message detail card and click Restore at the bottom of the card to move the message back to your Inbox.

The screenshot shows the 'Inbox' page with a navigation bar containing 'Claims', 'Cabinet', 'Lookup', 'Pharmacy', 'Tools', 'Forms', and 'Resources'. The 'Tools' menu is highlighted. The main content area is divided into an 'Inbox' table and a 'Message Detail Card'. The 'Inbox' table lists messages with 'Date', 'Subject', and 'Status'. The 'Message Detail Card' shows the content of a selected message, including the sender, recipient, subject, and body text. A 'Delete' button is visible at the bottom of the card.
