2024 KENTUCKY TRUCK DRIVING CHAMPIONSHIP

We would to thank and congratulate our participants and volunteers for representing M&M Cartage in this years truck driving championship. Great job to everyone involved!

URGENT MESSAGE FROM THE SHOP

IT IS NOT NORMAL TO HAVE TO ADD COOLANT TO YOUR TRUCK! Continuously adding coolant to your truck if you have an internal leak will damage your truck. It can cause you to lose an engine that if that happens will cost the company \$70,000.00 to replace the engine. It can also cause damage to the aftertreatment system which now days if it takes out the whole system will cost the company \$30,000.00 on some of the trucks. No one wants to be without their truck to have repairs made, and we understand that, but the days of “oh its just a little coolant as long as I stay on top of it, it wont hurt anything” are no longer the case. If a truck goes down for an EGR cooler; this is a one-to-two-day repair. If your truck goes down for an engine, you will be down for a couple of weeks minimum. So please if you are having to add coolant please advise shop OFFICE staff **IMMEDIATELY.**

GEIL LANE DUMPSTERS

Facility maintenance has noticed a large amount of junk items being placed in the dumpster. This is taking up too much space and not leaving enough room for trash from our facilities. We would like to remind everyone if you put any trash in the dumpster, **it MUST be in a bag.** Any cardboard boxes going in the recycle dumpster should be broken down. Loose items and large items such as tables, chairs, couches, etc. **are NOT permitted in the dumpsters.** The gates on the dumpster enclosure are to remain closed at all times. Thank you for your attention to this in the future.
