COLD WEATHER IS HERE

With cold weather here, paying attention to details during your pre-trip inspection is extremely important. Please pay close attention to fluid levels and tire pressure. For drivers of natural gas trucks, please install your winter front if it is 32 degrees or less. Watch out for coolant leaks that may be “cold water leaks”. This could be the result of a clamp needing to be tightened. If you see any puddles under the truck, please come back to the shop immediately. If you have any questions about cold weather procedures or need assistance, please visit or call the shop. Thanks, and drive safe.

PREFERRED FUEL PROVIDER - LOVE'S

Pilot has changed the pricing agreement and reduced discount buy approx. .10 per gallon. Pilot had matched the price of Love's but that no longer is the case.

Quick Fuel in both Cincinnati & Louisville are approx. .55 per gallon higher than Love's.

The M&M discount at Loves is significantly lower than the price listed on pump. This discounted price is lower than all other vendors.

Please utilize Love's Travel Stops.
